- Project-based learning lessons and workbooks with hands-on activities help reinforce what the students are learning

- Teacher workbooks with answer keys and lesson plans

COURSE OFFERINGS

PMI Project Management Ready

This Project Management Ready course, sponsored by the Project Management Institute (PMI), is perfect for someone wanting to learn the basics and some nuances of project management. The course readies one for the Project Management Ready exam and gets one ready to enter the world of project management, having gone through and learned some of the tenets of PMI. The course covers common project management approaches, starting a project, planning a project, carrying out a project, and closing a project. Students will also learn about project management approaches, ethics, basic leadership skills necessary to lead projects, and the importance of solid project communication skills.

CLASS HOURS: 12.5 HRS

Each Course Includes:

Video-based instruction, exercise labs, pre and posttests, flash cards in addition to a PDF project workbook. The workbook includes fill-in-the-blanks, glossary terms and definitions and many other resources to help reinforce learning.
